

Dear Cool Person Checking out Tulsa Link Year,

You and I were made to contribute. Our identity as image bearers of God speaks of creating and contributing. While the world consumes, we will try to live as contributors.

In our work at CQ Missional, we know that there are thousands of young adults that do not understand what they've been made to do, or who they've been made to be. Many "spin their wheels" during this time, and live a life without direction- wondering what will come next. Does this sound a little like you at this time in your life?

Know this- you are the only one of you. Ever. Not just for today, but in all of time. You are quite valuable- more than you or I can really know. It's my passion and job to help young adults like you believe this by walking with you, mentoring and teaching and giving. We not only help you discover this big time personal truth- but we also help you get some direction on what kind of job and vocation will be right for you. The coolest part is how all of this happens.

We've put together a new experience that helps young people discover their unique contribution to the world while they invest in the people of Tulsa at the same time. This program, called Tulsa Link Year, will change lives, futures, and communities- because it is all about contribution, in a loving, challenging, shared experience. Get that? It's an experience. Not just sitting around and being told what the "real world" is like.

So, how do you get signed up? Here's the first step:

Get an application from us, fill it out, and get it to us now! We are offering special incentives for the first people to sign up because we know (as do countless others we've helped in the past) that this will be an awesome deal for you. On the application, there are several questions, that you can answer in creative ways. Don't let it intimidate you, but know that the application is good for you to think about your future, with us. Get into it!

Here's my selfish take on this as well: not only do you win from this cool experience with your future plans and direction, but we win in this deal because this is what we love to do. We love college-age students, we love getting to know you, and we love helping you find direction and confidence.

Want to join us so you can learn what you've been made to do? Want to make a real contribution to the people of Tulsa? Want to join a community of young adults who are looking to discover the same things you are?

Because you are the only you, ever- the possibilities are endless.

If you have questions, do not hesitate to contact me at chrisking@cqmissional.com.

We just want to know where you're coming from, as we will talk about faith and life direction on a regular basis). Please answer 2 of the 4 questions below. (Creative ways to answer these questions are also welcome!)

1. What experiences throughout your life have contributed to your spiritual growth?
2. In what ways have you seen God in the past year?
